Subject: Asbestos Transportation and Disposal

Dear / Environmental Service Providers Operating in the field of Asbestos Transportation and Disposal,

Greetings...

Kindly be informed that all Environmental Service Providers operating in the field of asbestos disposal are required to obtain official approval by Tadweer (Center of Waste Management – Abu Dhabi) to practice the profession of asbestos transportation and disposal at Al Dhafra landfill, as follows:

1. Asbestos waste to be handled properly (packaging, Marking labeling & placarding) as per Tadweer approved TG/8 & Interim Disposal Requirements of Asbestos / ACM Waste at Landfill.
2. Compliance with laws, rules and regulations of UAE, and providing all requirements (including monthly register, waste transportation policy “manifest” ... etc.).
3. Waste transportation policy (manifest) should be approved by all concerned parties (waste producer and transporter, and landfill operator).

Circular

4. A permit for asbestos disposal should be obtained by Licensing:
Tariff and Customer Service Department at Tadweer, and coupons
to be purchased based on asbestos quantity (ton), at minimum
one coupon per ton.

5. Providing all required PPE to deal with asbestos waste, for
example: (Protective Clothing, Footwear & Respiratory Protective
Equipment (RPE)... etc.), in addition to provide drivers training
certificates in handling hazardous waste and in particular
asbestos waste.

Kindly be informed that from 7th September 2014, asbestos waste
can be disposed of at "Al Dhafra" landfill.

Therefore, all concerned ESPs are required to comply with the above
mentioned instructions, in order to avoid any legal and
administrative actions against violators, in terms of not issuing their
permits, until the status of their facility is rectified and fully
complied with CWM’s requirement, in line with applicable rules and
regulations.
